DETAILED ACTION

Claims 11-20 are pending in the instant application. Claims 1-10 are canceled.

Response to Non-Final Office Action

Acknowledgment is made of applicant's response and amendment of the claims filed on 10/22/2009.

35 USC 112

Claims 11-13 and 15-17 were rejected under 35 U.S.C. 112, first and/or second paragraph, as failing to comply with the written description requirement and/or being indefinite. These rejections are withdrawn in view of the amendment to the claims and response.

ODP

Claims 11-17 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 1-7, 12-13 and 15-18 of US Pat No 7,288,537 ('537 App). This rejection is withdrawn with respect to claims 11 and 14-17. However, this rejection is maintained on claim 12-13. See the definition of X2 in claims 12-13. Claims 12 and 13 still read on US Pat No. 7,288,537. Therefore the double patenting rejection is maintained on claims 12 and 13.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
